2012-06-14 Memo TZW Buried Contamination Potential Hot Spot.pdf

Chemical Classes.docx

Chip, Kristine, & Rich,

Here's the LWG's memo I told you I'd send you in our last TCT mtg. I'm reviewing it & plan to respond to the LWG in mid-July. Perhaps we can talk about it in our next TCT mtg Wed 7/11.

I also attached my 6/11/12 e-mail & attachment I sent to the LWG on DEQ's position on "chemical classes".

Jim

Jim –

Please find attached a memo and associated maps on the issue of potential hot spot buried contamination migration to surface sediment TZW. The objective of this memorandum is to provide a response to a question from DEQ during our last meeting (May 10, 2012) about whether buried sediment contamination is likely to cause changes in surface sediment TZW, possibly indicating buried subsurface sediment that might constitute a mobile hot spot under Oregon rules and guidance.

We would be happy to discuss this information in our meeting tomorrow.

Thanks.

Carl

RE: Portland Harbor: Hot Spots Subject

Jen,

One of the action items from the DEQ/EPA/LWG 5/10/12 hot spots meeting was for me to provide the LWG with DEQ's position on high concentration high spots..., particularly on classes of organic

compounds. The attachment specifically addresses the 7th concern in my 5/21/12 e-mail to the LWG & EPA.

Please distribute this to the appropriate LWG parties.

Hi Kurt,

The LWG in person attendees will be: Bob Wyatt, Patty Dost, Jessica Hamilton, Joan Snyder, Carl Stivers and possibly Robin Seifried.

Jim McKenna will attend by phone.

Please let me know if you have any questions.

Thank you,
Jen Woronets J

Hi Kurt,

I inquired about the phone since Jim McKenna will be participating by phone. I wanted to be certain he would be able to call in and hear the conversation.

Jim will use the conference line that the LWG uses for calls with the agency team. Joan will have this information when she arrives on Friday.

I do not think you need to reserve a larger conference room. I will inquire with Jim and Bob about the

LWG participants and get back to you shortly.

Thank you,

I can arrange that, Jennifer, but now have to ask how big is this meeting going to be? Originally, it was five or six of us. I might need to find a larger conference room. Please let me know who from LWG will be participating.

Kurt,

Would it work to do it at 3:15 or 3:30 on Friday the 15th? That way Jim McKenna could participate by phone after he gets to his designation.

I'm sorry, then we'd lose Gary. The alternative would be sometime the week of the 25th (Jim is out the week of the 18th), but Jim would rather meet earlier than that.

Kurt,

I just talked to Jim McKenna and Carl Stivers. They would like to be included as well, if Jim Anderson is going to participate (which they think is a good idea). Is it possible to move the meeting to 11 am? Jim McKenna has a flight out that day at 1 p.m., so if we schedule it at 11, he could attend by phone. Carl would be able to attend in person.

I think you said Jim has a meeting that will run until 11. Does it help him if we use DEQ as the meeting place?

Thanks!
